Subject: Do you have a rough budget for the Day Resource Center?

Jeff, Could you send me a budget for the proposed Day Resource Center? We'd like to see your vision for how the center would operate.

One thing to let you know....we learned Shine608's financial agent is Tenant Resource Center. We have no issues with Shine608, and admire their work, but have had several issues with financial management of TRC. Working through TRC on financial management is a non-starter for us based on their history with us on FEMA funds and stewardship of donor funds. But, we could see other options for that, too.

Thanks, Deedra
